

**NASA Langley Child Development Center
PTO Officers
2014-2015 School Year**

President: Amanda Cutright

I am Amanda Cutright, Big Dipper Evan's Mom, soon-to-be Little Dipper Baby Girl's Mom, and wife to Stephen. I began my career here at NASA LaRC as a volunteer with DEVELOP Program, then completed a student internship, coop program, graduate coop program, and I am currently working in the Engineering Directorate (ED) Mechanical Systems Branch (MSB). Since Evan started at LCDC, my husband and I have been volunteering to help out where we can. I believe that it is very important to show the LCDC team that they are important, valued, and have the support of parents that actively serve, so that they know they are appreciated and can take pride in their mission.

Vice President: David Reeves

My name is David Reeves. I have been at NASA Langley since 2004 as an Aerospace Engineer in the Space Mission Analysis Branch. I have two sons at LCDC. Landon is in the Shining Stars and Bryce is a Little Dipper and both absolutely love their classes and teachers. I'm interested in running for the PTO board to give back to LCDC and to make sure the teachers and staff know they're appreciated and have the support of the parents.

Secretary: Tina Guldin

My name is Tina Guldin and I have been working in the Safety and Mission Assurance Office since February 2011. I have been at the LCDC since August 2011 with my son Cooper in the Rockets class and my son Jack in the Comets class. I want to stay active with the PTO to make sure that we are providing the best opportunities to the LCDC since it is a valuable asset to LaRC.

Treasurer: Carly Bosco

My name is Carly Bosco. I work as the Director of NASA Langley Programs at NIA and have been supporting NASA across directorates since 2009. My daughter Celia is 15 months and currently a Big Dipper. I'm interested in serving on the board in order to help make the LCDC remain a great place for for our kids, the teachers and the parents! I look forward to getting to know more teachers and parents thru this role.
